SCHOLARSHIP APPLICATION

All Charleston Area Therapeutic Riding students are on general scholarship. CATR charges **\$35** per 45-minute lesson. The actual cost per lesson is **\$100.00**. Through grant writing and fund raising events, CATR makes up the difference between what is charged (\$35) and the actual cost (\$100).

In certain cases, Charleston Area Therapeutic Riding, Inc. can further help meet the cost of providing riding therapy by using Scholarships funds.

This additional scholarship is on a sliding scale which is based on monthly taxable income, and it is allocated according to greatest financial need.

Although we do not, at the present time, require documented proof of family income before scholarships are approved, we reserve the right to ask for such documentation at any time.

The Executive Director may consider exceptions to the sliding scale in unusual circumstances.

Please provide the following information to be considered for scholarship funds:

Name of Student: _____

Name of Parent or Guardian: _____

Phone number: _____ Monthly Taxable Income: \$ _____

Please explain your reason for requesting scholarship funds:

Signature _____ Date: _____
